

# CTE Sector Collaboration: Adapting Courses for Blended and Distance Learning

**Work collaboratively with others who teach in the same pathway to curate blended and distance learning resources and lesson plans aligned to your fall course.**

Open to educators from 7-12 grade and community college instructors.

Objective: Curate lessons and resources aligned to the California CTE Model Curriculum Standards and Model Course Outlines to support course building for fall 2020.

Each meeting will start with an overview of the process and structure, then we will open breakout rooms by pathway allowing educators in the same pathway within a sector to work together on adapting courses for blended and distance learning in fall 2020.

**Sector specific meetings take place daily from July 27-August 6**
