

Family Success Initiative

Vision

Empowering emergent bilingual families to support student success and strengthen school communities.

Background

In an effort to increase parent engagement, the Division of Adult and Career Education (DACE) collaborated with Parent and Community Services to pilot the Family Success Initiative (FSI), an innovative approach to providing English as a Second Language (ESL) classes to parents of LAUSD students. Blending DACE ESL curriculum with District-specific parent education modules, FSI reflects L.A. Unified's commitment to working together with families to support the success of all students.
